Accessible and relaxed performances around the UK this Christmas

With the festive period being one of the busiest for theatres, BroadwayWorld has compiled a list of theatres with accessible and relaxed performances that aim to ensure more people can enjoy the theatre.

While access is a very broad term, many theatres have performances that integrate British Sign Language (BSL), audio description and captioning. Relaxed performances are designed to make the theatre a less daunting experience for people with sensory needs.

NAS—Christmas resources

The Christmas period can be a very exciting but often stressful time of the year for many autistic people. It can be a time with lots of change, social interaction and expectations. We have put together a brief list of resources that may prove helpful in making this festive period as special and stress free as possible for autistic people.

Preparing for Adulthood

We are pleased to announce that the RBG Disabled Children and Young People Service has extended to include those aged 18-25!

The service now supports young people with an Education, Health and Care plan (EHCP) who need adult social care support until they leave education.
