

We received **86 responses in total** which includes paper and electronic forms.

The parent survey was sent out electronically by Microsoft 365 and as paper copies to capture as many parents as possible. We received 86 responses in total. As a school we are continually looking for ways to improve. It is important that if you think we can do better, that you let us know so we can take measures to do so. We would welcome any further comments or feedback from you, especially if you answered 'not very often' or 'almost never' to any questions we would really like to hear from you to discuss further. This can be done via the school email address: wdcontact@willowdene.compassps.uk, by telephone 02088549841 or by contacting Rachel directly for a meeting.

Our response to areas identified by parents/carers	
The annual review/parent's evening provides valuable information about my child's progress.	The timing of the questionnaire will mean that new parents may not have experienced an annual review or parents evening yet. Since this questionnaire was sent, we have reviewed and altered our annual review format. It would be useful to know if you find the new format better in any way. If you have any feedback regarding this, please contact us via email, telephone or home school contact book.
